

# THE CLEAR CHOICE FOR BEDSIDE BRONCHOSCOPY

# Ambu

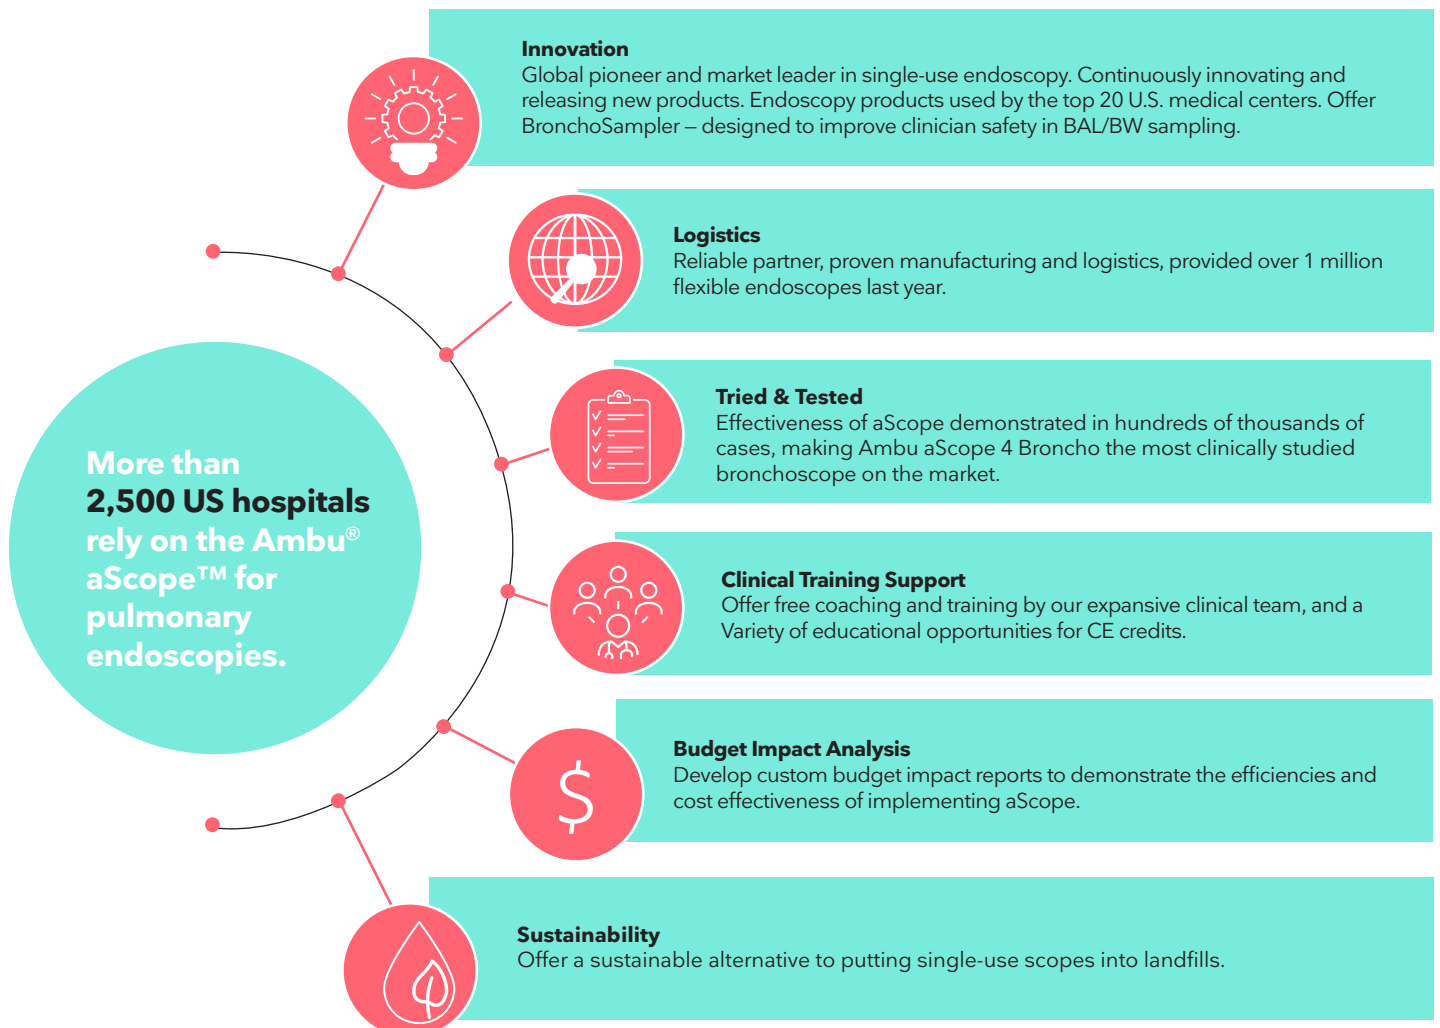

Hospitals are under more pressure than ever to increase efficiency and reduce costs. Investments must be scrutinized and provide value while achieving desired patient outcomes. This is exactly the problem the Ambu® aScope™ 4 Broncho and BronchoSampler™ were designed to solve.

## Improve patient outcomes, simplify budgets, and reduce costs in the ICU

As a pioneer in single-use endoscopy and the world's largest supplier of single-use endoscopes, Ambu is in a unique position to help you achieve the results you need.

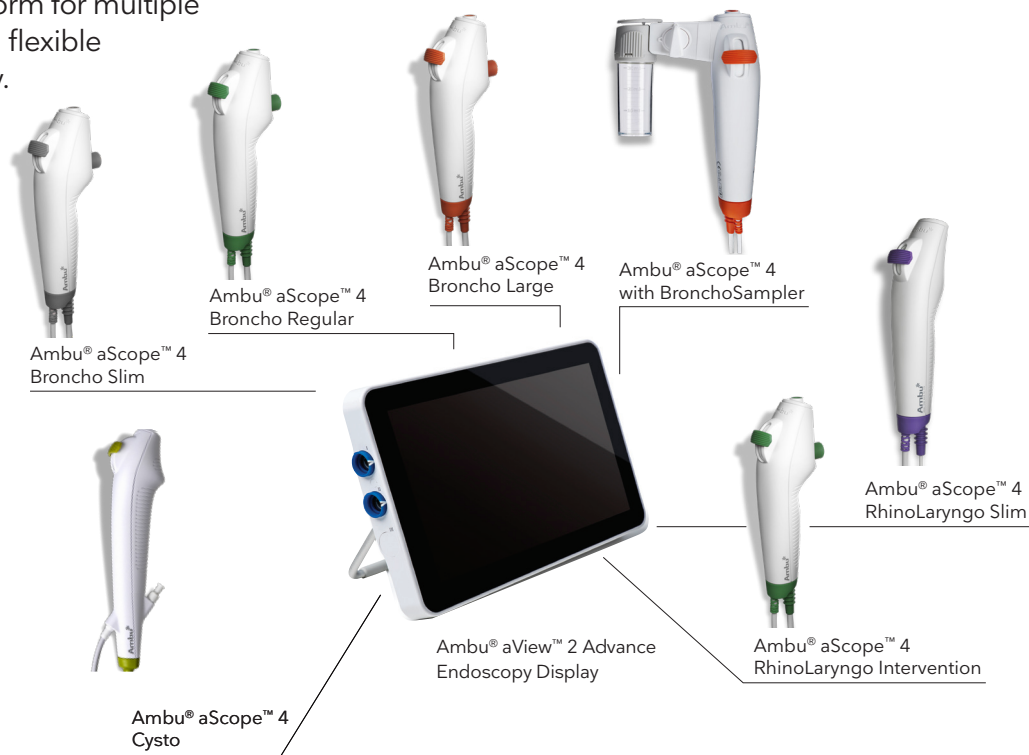

## What makes Ambu an unrivaled partner?

We provide value beyond expectation.

# Why Ambu?

A single-use endoscopy platform for multiple clinical areas – bronchoscopy, flexible laryngoscopy, and cystoscopy.

- ✓ Leader in single-use endoscopy, 10-year expertise, 4th generation design, working on 5th generation
